

Medieval Architecture **Castles England & Europe**

Volunteer project notes:

Please refer to any notes included in this folder.

The poster(s) should have been hanging in the classroom for at least a week before this lesson.

In the Art Appreciation bin in the PTA office there are examples of projects you can choose from to have the students do, but you are always welcome to create your own.

Make sure you have the appropriate amount of supplies for the class.

One of the projects requires you to request and collect supplies from the students' families. Try to do so a week ahead of time and save any leftovers for the next 1st grade class to get the lesson.

Please don't forget to do a note to the parents explaining the art and lesson.
