

## Welcome to Art Appreciation for 2011-12!

Today Mrs. Stella's class participated in the second art appreciation lesson of the year. Art appreciation is a program supported by the PTA and run by parent volunteers. Each month a different art form or artist will be featured. The purpose of this program is to introduce your child to various art forms and stimulate interest and discussion in an age appropriate setting.

We did surrealism last month with Salvador Dali and Renee Magritte. Today's topic is Frank Lloyd Wright.

We learned a bunch! Two interesting facts to ask your child about:

1. Why are his homes called Prairie Style?
2. Why did he call his windows, light screens, rather than stained glass windows?
